

VICTIM SERVICES PROGRAM  
WOMEN'S ADVISOR COMMITTEE

The Victim Services Program will be conducting a Women's Advisory Committee Meeting, at 5:00 p.m. – 6:30 p.m., on October 8, (thereafter, every second Wednesday of the month).

There has been previous interest expressed from the community members in sitting on the committee, however, we have experienced some delays beyond our control in setting up the schedule.

As a member of Women's Advisory Committee, you would commit to the following:

- Volunteer time to the project as an unpaid advisor.
- Provide recommendations on the implementation and direction of the Victim Services Program, to ensure project goals and objectives are met as set out in the grants.
- Plan and coordinate outreach activities with program staff.
- Provide leadership/guidance and recommendations for future development of the Victim Services Program beyond the immediate project deliverables.

The Victim Services Program, through this collaboration, will commit to the following:

- Provide education and support the Women's Advisory Committee, in order to educate the committee on grant requirements; special conditions, allowable activities, and unallowable activities.
- Provide scheduling of monthly meetings and meeting space, to ensure accessibility to our community women to participate in the meetings.
- Provide current information on "best practices" in Indian Country regarding domestic violence, sexual assault, dating violence, and stalking.
- Provide statistical data (no personal identifying information) on services provided by the program on a monthly basis.
- Provide information to the committee, regarding upcoming grant solicitations, for the committee's input on services that are needed in the community.

Hope to see you here!

Thank you,  
Mary Dodd
